Built Sq.ft

100+

Projects

75+

Happy clients

in locations across Chennai, Kanchipuram, Villupuram and more...

RESIDENTIAL

INSTITUTIONAL

COMMERCIAL

HEALTH CARE

PROPOSED ELEVATIONS

Mudichur

Apartment, Build Up - 3800 Sq.ft

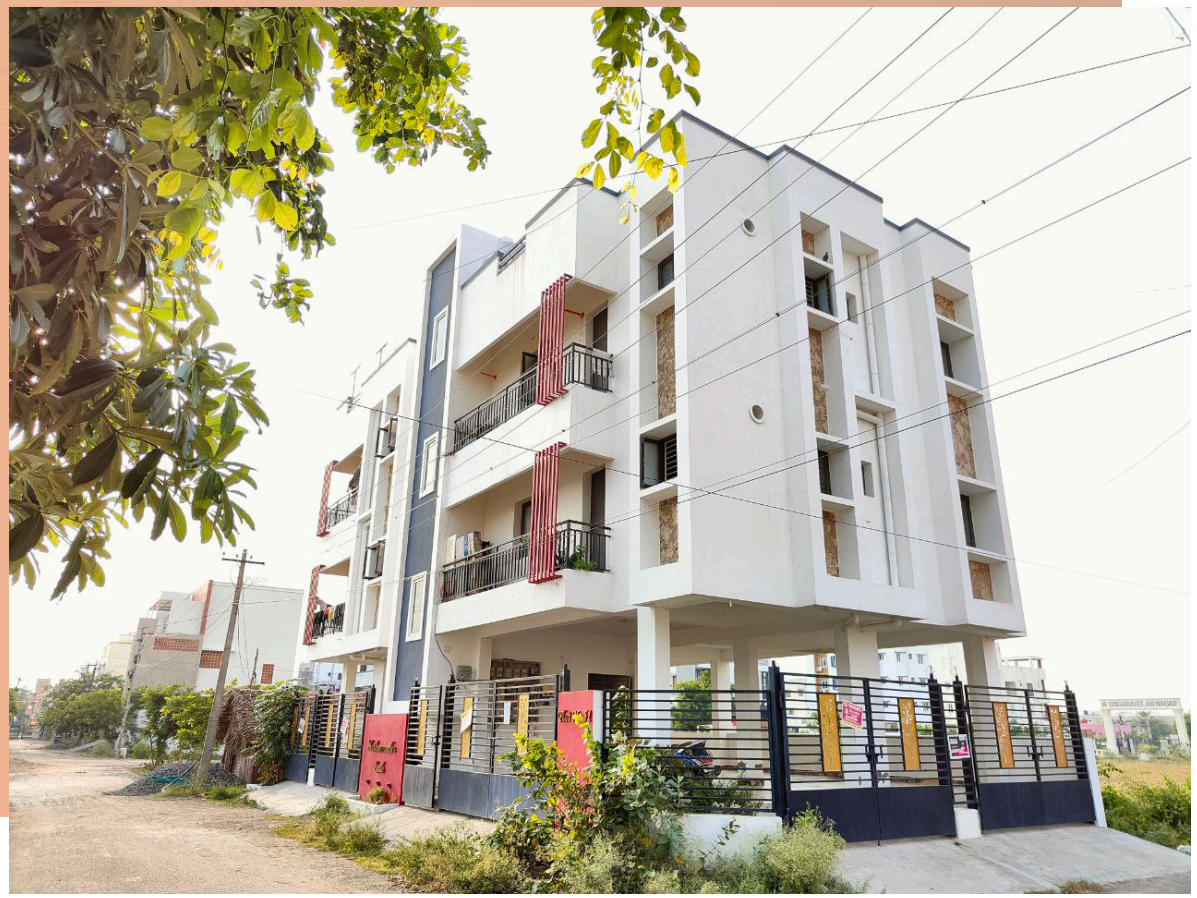

Client’s safety & hassle-free handover were our top 2 priorities.

Mudichur, Chennai – a flood-prone area, had land issues and unsatisfied service from previous builders. We solved all these problems and handed over the residential building.

It is designed as per the client’s need with good environment in and around for all age group.

Vengaivaasal

Apartment, Build Up - 2200 Sq.ft

The client had very unique requirements: an extremely affordable house, with a blend of utra-modern architecture, and curated room dimensions.

We constructed this individual house with mezzanine flooring, foldable furniture for space optimization, and work from home provision in the living room.

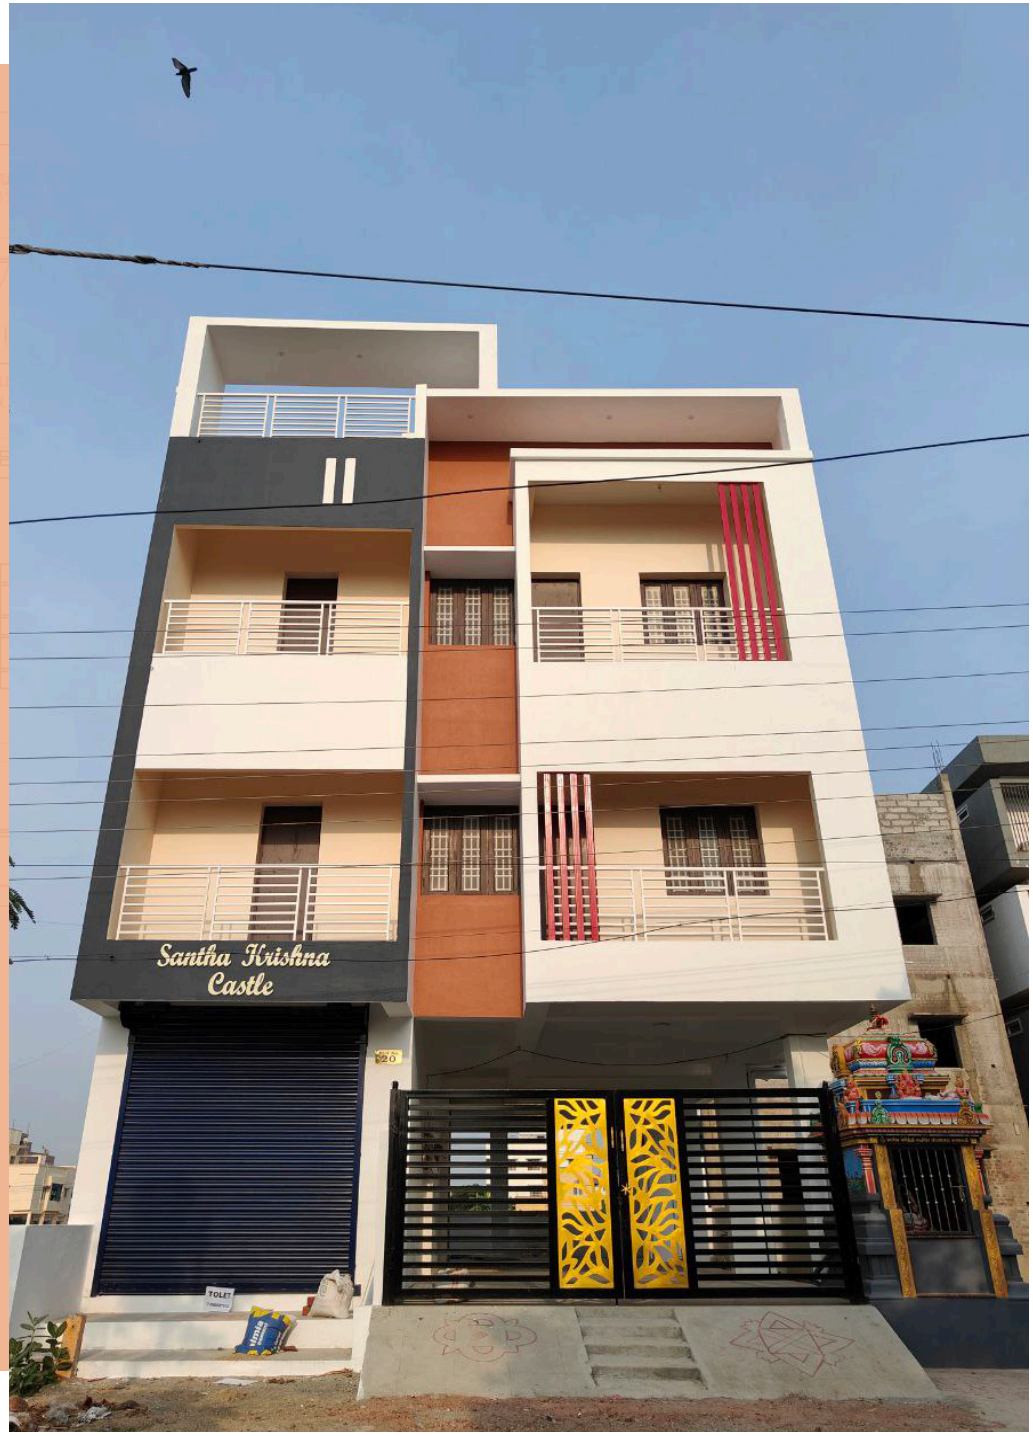

Varatharajapuram

Apartment, Build Up - 2800 Sq.ft

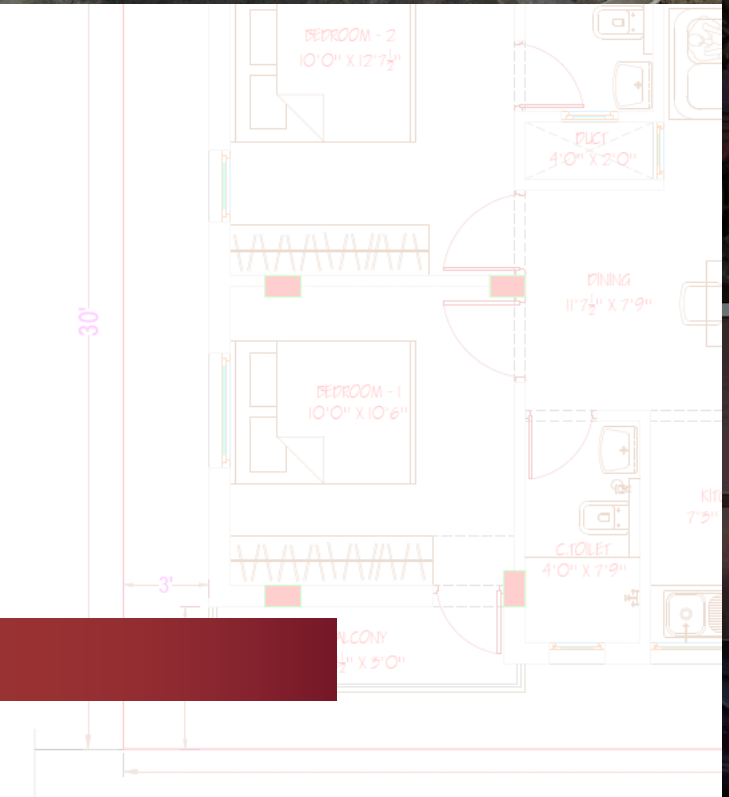

This is a medium luxury home having sufficient car and bike parking in Varatharajapuram. This project includes regular activity spaces, and materials are selected in such a way that it gives a pleasant mind set.

RENOVATION

BEDROOM - 2
10'0" X 12'7½"
DUCT
4'0" X 2'0"
DINING
11'7½" X 7'9"
BEDROOM - 1

INTERIOR

ROOFTOP GARDEN

Designed as per the client's need with good environment in and around for all age group people.

Setup a terrace gardern today, wake up to happiness everyday.

ABOUT US

Brick & Mortar is a Chennai based Construction Company found in the year 2010 by Er. Sankar . K, specializes in building construction, renovation & repair and interiors. Our core team consists of in-house architects, structural engineers and interior designers.

We have years of experience in building domestic, commercial, industrial and institutional projects. We provide end-to-end solution for our customers from building design to construction and interiors, which includes hassle free loan processing, seamless government regulatory approvals processing, etc.

Our commitment to minimize the wastage of resources viz., time, labor, raw materials and energy, drastically reduces the cost of the building construction. Our climate responsive design reduces the charges incurred on power consumption for lighting, cooling and heating requirements of the building. These have ensured thorough customer satisfaction.
